

OBJECTIVE

This active ESG portfolio comprises of socially responsible investment vehicles including unit trusts, mutual funds and exchange traded funds (ETFs), whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, corporate bonds, alternatives, commodities and cash. Absolute return, multi-asset and property may all feature within the alternatives classification.

ESG Cautious seeks to generate modest capital growth higher than bond based returns over the short to medium term by employing a more cautious investment strategy than ESG Balanced. The portfolio will have a modest approach to equity exposure - typically comprising of 35% equity and 65% non-equity - though weightings may deviate within set parameters, allowing our managers to react to market conditions.
